Dear Parents/Guardians:

The last few days have been busy with excitement as a new class prepares to “take off” for another fantastic year of learning. As your child’s teacher I thought I would take this opportunity to welcome you to the ‘family’ of parents, of students in my class, and introduce myself as your child’s teacher for the upcoming academic year.

The field of education is exciting and constantly changing to better meet the needs of the individual student. This is my fourth year at Cedarwood Public School. I have been teaching for the last twenty years and have taught a range of students from grade one to grade nine. It is these many rich and varied experiences that have broadened my knowledge of how children learn best: knowledge that I will most certainly put to use this year. I have had a great deal of experience teaching mathematics and the sciences and allow my students to see the practicality and importance of these subjects in everyday life.

Children at this age need to develop a love of themselves and a love of learning. They also need to develop a sense of responsibility, maturity and, most importantly, accountability. I bring enthusiasm and interesting approaches to creative ideas within my classroom program to foster this attitude in a most unique classroom setting. Finally, I actively endeavour to instill some of these attitudes in each of my students on a daily basis.

I am looking forward to this year, and I hope that you will support me in my ventures. I will be writing a similar letter of introduction and expectations to your child; however, you may wish to share this correspondence with your child. If at any time you have any questions or concerns please feel free to contact me here at the school. Our room is always open to visitors and you are more than welcome to drop by and make yourself at home in our home away from home. I look forward to hearing from you in the future, and I will remain in contact regularly.

Thanking you in advance for your support,

Mr. Kevin Hunt
